

Before the Board of Zoning Adjustment, D. C.

PUBLIC HEARING -- January 17, 1973

Application No. 11278 George Washington University, appellant

THE ZONING ADMINISTRATOR OF THE DISTRICT OF COLUMBIA, appellee

On motion duly made, seconded and carried by a vote of 4-0, the following Order of the Board was entered at its meeting of January 23, 1973.

EFFECTIVE DATE OF ORDER -- January 31, 1973

ORDERED:

That the application for permission to continue off-street parking in an above average vehicle density area occasioned by proximity to government and other corporation offices without self-sustaining parking located for a period of five years at 2006, 2004-2010, 2016 G Street, N. W., and 2007 and 2009 F Street, N. W., lots 25, 811, 20, 800 and 810, Square 103 be CONDITIONALLY GRANTED.

FINDINGS OF FACT:

1. The subject property is located in an R-5-C District.
2. The subject property is presently used as a commercial parking lot and appellant wishes to continue operation of this lot for a period of five years.
3. The subject property tends to supplement off-street parking to government and other corporate offices in the immediate area.
4. The Department of Highways and Traffic offered no objection to the granting of this special exception to continue the operation of this temporary auto parking lot for five years.
5. There was no opposition registered at the public hearing as to the granting of this application.

OPINION:

We are of the opinion that the continuance of this parking lot will not create any dangerous or otherwise objectionable traffic conditions. The present character and future development of the neighborhood will not be adversely affected. The lot is reasonably necessary and convenient to other uses in the vicinity.

This Order shall be subject to the following conditions:

- a. Permit shall issue for a period of five (5) years but shall be subject to renewal in the discretion of the Board upon the filing of a new application in the manner prescribed by the Zoning Regulations.

- h. Any lighting used to illuminate the parking lot or its accessory building shall be so arranged that all direct rays of such lighting are confined to the surface of the parking lot.

The Board reserves the right to direct revocation of the occupancy permit upon a proper showing that any terms or conditions of this Order have been violated.
