HEARING DATE: May 9, 1990  
DECISION DATE: May 9, 1990

DISPOSITION: The Board GRANTED the application by a vote of 5-0 (Paula L. Jewell, Charles R. Norris, William F. McIntosh, Lloyd D. Smith and Carrie L. Thornhill to grant).

FINAL DATE OF ORDER: August 17, 1990

ORDER

The Board granted the application, subject to four conditions, by its Order dated August 17, 1990. By letter dated February 19, 1991, counsel for the applicant filed a timely request for Board approval of a modification of the approved plans. The proposed modification will result in the consolidation of lots 949 and 950 and construction of a single dwelling on that enlarged lot in response to the specific request of the prospective home owner. The consolidated theoretical lot will have a total lot area of 23,590 square feet. The proposed dwelling will be slightly larger than the individual dwellings approved under the original order. However, the overall density of the project would be reduced as a result of the proposed modification.

Upon consideration of the proposed modification, the record in the case, and its final order, the Board concludes that the proposed modification is minor in nature and does not substantially alter the overall project as initially approved by the Board. The applicant requires no additional zoning relief from the Board. The material facts relied upon by the Board in approving the

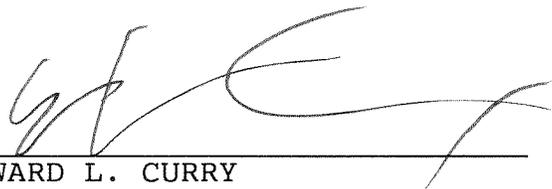

application are still relevant. There was no opposition to the proposed modification of plans. It is therefore ORDERED that the modification of plans is APPROVED SUBJECT to the CONDITION that the layout of the site shall be in accordance with the plat marked as Exhibit No. 83A of the record. In all other respects, the Order of the Board dated August 17, 1990 shall remain in full force and effect.

DECISION DATE: March 6, 1991

VOTE: 4-0 (Charles R. Norris, Paula L. Jewell and Carrie L. Thornhill to approve; Lloyd D. Smith to approve by proxy; Sheri M. Pruitt not voting, not having heard the case).
