

GOVERNMENT OF THE DISTRICT OF COLUMBIA
BOARD OF ZONING ADJUSTMENT

Application No. 16130 of Paul and Kirsten Goldberg, pursuant to 11 DCMR 3107.2, for a variance to allow an addition to an existing nonconforming structure that does not now meet the minimum side yard requirement and will extend the nonconformity [Paragraph 2001.3(b) and (c)], and a variance from the side yard requirements (Subsection 405.9) to construct additions to an existing detached single-family structure in an R-1-B District at premises 3821 Woodley Road, N.W. (Square 1817, Lot 25).

HEARING DATE: June 19, 1996
DECISION DATE: July 10, 1996

SUMMARY ORDER

The Board provided proper and timely notice of public hearing on this application by publication in the D.C. Register, and by mail to Advisory Neighborhood Commission (ANC) 3C and to owners of property within 200 feet of the site.

The site of the application is located within the jurisdiction of ANC 3C. ANC 3C, which is automatically a party to the application, filed a written statement indicating that it did not take an official position on the application.

As directed by 11 DCMR 3324.2, the Board has required the applicant to satisfy the burden of proving the elements which are necessary to establish the case for a variance from the strict application of the requirements of 11 DCMR 2001.3(b) and 405.9. No person or entity appeared at the public hearing in opposition to the actual relief requested in the application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, the Board concludes that the applicant has met the burden of proof, pursuant to 11 DCMR 3107, that there exists an exceptional or extraordinary situation or condition related to the property which creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. It is therefore **ORDERED** that the application is **GRANTED**.

Pursuant to 11 DCMR 3301.1, the Board has determined to waive the requirement of 11 DCMR 3331.1 that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is appropriate in this case.
