

GOVERNMENT OF THE DISTRICT OF COLUMBIA
BOARD OF ZONING ADJUSTMENT

Application No. 16500 of La Clinica del Pueblo, pursuant to 11 DCMR 3107.2 (new 3103.2), for a variance under Subsection 2101.1 for a waiver from the number of required on-site parking spaces to be used by the clinic in an R-5-B District at premises 2831 15th Street, N.W. (Square 2669, Lot 826).

HEARING DATE: October 20, 1999
DECISION DATE: November 3, 1999

SUMMARY ORDER

The Board provided proper and timely notice of the public hearing on this application by publication in the D.C. Register, by mail to Advisory Neighborhood Commission (ANC) 1B, and to owners of property within 200 feet of the site.

The site of this application is located within the jurisdiction of ANC 1B. ANC 1B, which is automatically a party to this application, submitted a written statement in support of the application.

As directed by 11 DCMR 3119.2, the Board required the applicant to satisfy the burden of proving the elements which are necessary to establish the case for a variance from the strict application of the requirements of 11 DCMR 2101.1.

The Applicant indicated that 38 parking spaces are required; however, the site can only accommodate five spaces. The Applicant requested zoning relief for 33 of the 38 required on-site parking spaces.

The Board received letters and petitions of opposition to establishment of the clinic; and, residents testified in opposition to the application. The overwhelming issue concerned the lack of parking, on and off-site, and its impact on the neighborhood. To ameliorate the problem, the Board determined that:

- Many of the clinic's employees live in the neighborhood and walk to work;
- Most patients walk or use public transportation;

- The Columbia Heights Metrorail Station is located close to the site and is accessible to staff, volunteers and patients;
- The clinic would be establishing an incentive program to encourage employees to use Metrorail; and,
- In order not to create traffic impacts, the Applicant should be encouraged to provide off-street parking in the Columbia Heights neighborhood.

The Applicant and Advisory Neighborhood Commission 1B entered into an Agreement to provide 30 off-site parking spaces to be used by staff and volunteers of the clinic to supplement the five on-site parking spaces (Exhibit No. 46 of the record).

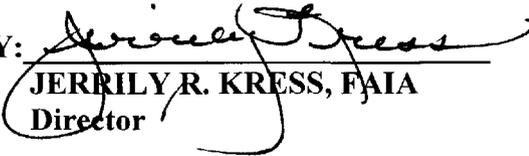

No person or entity appearing as a party to this case testified in opposition to the application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, the Board concludes that the applicant has met the burden of proof, pursuant to 11 DCMR 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property which creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. It is therefore **ORDERED** that this application be **GRANTED**.

Pursuant to 11 DCMR 3101.6, the Board has determined to waive the requirement of 11 DCMR 3125.3 that findings of fact and conclusions of law accompany the order of the Board. The waiver will not prejudice the rights of any party, and is appropriate in this case.

VOTE: 3 - 0 - 1 (Sheila Cross Reid, Jerry Gilreath and Robert Sockwell to grant; Anthony Hood, not voting, not present at the hearing.)
