

GOVERNMENT OF THE DISTRICT OF COLUMBIA
BOARD OF ZONING ADJUSTMENT

Application No. 16583 of East of the River Community Development Corporation, pursuant to 11 DCMR 3103.2, for area variances from Section 403 for lot occupancy, Section 402 floor area ratio, Section 400 for height and a use variance from Section 3103.2 under Section 350.1 for the construction of a three-story general and administrative office building to accommodate office use with access to the parking lot in an R-5-A District at premises 522 and 524 Raleigh Street, S.E. (Square 5988, Lots 52 and 53).¹

HEARING DATES: July 11 and July 25, 2000
DECISION DATE: July 25, 2000

SUMMARY ORDER

The zoning relief requested in this case is by a zoning memorandum from the Division of Zoning of the Department of Consumer and Regulatory Affairs that specifies the zoning relief required by the applicant. Also, the application was self-certified.

The Applicant petitioned the Board to waive the filing fee because it is a nonprofit corporation created for civic purposes (Exhibit No. 11). The Board informed the Applicant that based on the current fee structure of the Zoning Regulations; all applicants are required to pay the filing fee, including civic associations and nonprofit organizations. The Board informed the Applicant that it does not have the authority to waive the filing fee for the community development corporation.

The Board provided proper and timely notice of the public hearing on this application by publication in the D.C. Register, by mail to Advisory Neighborhood Commission (ANC) 8C and to owners of property within 200 feet of the site.

The site of this application is located within the jurisdiction of ANC 8C. ANC 8C, which is automatically a party to this application, submitted a written statement (Exhibit No. 33) and presented testimony at the public hearing in support of the application.

The Office of Planning, by report dated July 11, 2000 (Exhibit No. 28) and by testimony at the public hearing, recommended approval of the application.

¹ The application was initially advertised for a special exception under Section 217 of the Zoning Regulations. The Board re-advertised the application to indicate that zoning relief is required for use and area variances under the following sections of the Zoning Regulations: Section 403, Lot Occupancy; Section 402, Floor Area Ratio; Section 400, Height; and Section 350.1, R-5 Districts: General Provisions.

The Board requested that the following actions take place prior to issuance of the order: (1) the Office of Zoning was to republish the project's corrected public hearing notice in the DC Register; (2) the Applicant was to repost the property; (3) the record was to be left open until August 20, 2000, for additional public comments; and, (4) the Applicant was to provide documentation concerning its initial efforts to develop the property as a split-zoned site. All requisite requirements have been met.

As directed by 11 DCMR 3119.2, the Board required the applicant to satisfy the burden of proving the elements which are necessary to establish the case for use and area variances from the strict application of the requirements of 11 DCMR 3103.2. No person or entity appearing as a party to this case testified in opposition to the application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, the Board concludes that the applicant has met the burden of proof, pursuant to 11 DCMR 3103.2, that there exists an exceptional or extraordinary condition related to the property which creates a practical difficulty at the site. In addition, the Board ascertained that there is an undue hardship for the owner in complying with the Zoning Regulations, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. It is therefore **ORDERED** that this application be **GRANTED**.

Pursuant to 11 DCMR 3101.6, the Board waived the requirement of 11 DCMR 3125.3 that findings of fact and conclusions of law accompany the order of the Board. The waiver will not prejudice the rights of any party, and is appropriate in this case.

VOTE: 3-1-0(Robert Sockwell, Sheila Cross Reid, and Anne Renshaw to approve; John Parsons opposed to the motion; Rodney Moulden not present, not voting.)
