**Board of Zoning Adjustment**

Office of Zoning

**Application No. 16612 of Clifton Terrace Associates, L.P.**, pursuant to 11 DCMR 3103.2 and 3104.1, under Sections 214 and 214.2 for a variance and special exception to permit the conversion of a previously approved parking lot to a roof top garden and play area with a four-level below grade parking garage in an R-5-B District at premises 13<sup>th</sup> and Clifton Streets, N.W. (Square 2868, Lot 109).

**HEARING DATE:** October 10, 2000  
**DECISION DATE:** October 10, 2000 (Bench Decision)

**SUMMARY ORDER**

The zoning relief requested in this case is self-certified, pursuant to 11 DCMR 3113.2.

The Board provided proper and timely notice of the public hearing on this application by publication in the D.C. Register, by mail to Advisory Neighborhood Commission (ANC) 1B and to owners of property within 200 feet of the site.

The site of the application is located within the jurisdiction of ANC 1B. ANC 1B, which is automatically a party to this application, submitted a written statement and presented testimony in support of the application (Exhibit No. 23).

As directed by 11 DCMR 3119.2, the Board required the Applicant to satisfy the burden of proving the elements, which are necessary to establish the case for a special exception pursuant to 11 DCMR 3104.1.

Commissioner M.A. Doll Fitzgerald, who represents the area on the ANC where the site is located, expressed concerns about the proposed development. Included among Commissioner Fitzgerald's remarks were concerns about safety, proper drainage, landscaping to include rooftop trees, and handicap access. The Board asked the Applicant to respond to Commissioner Fitzgerald's concerns, and was satisfied with the Applicant's response. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, the Board concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR 3104.1, that the requested relief will be in harmony with the general purpose and intent of the Zoning Regulations and Map and will not tend to adversely affect the use of neighboring property.

The Board also concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property which creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. It is therefore **ORDERED** that this application be **GRANTED, SUBJECT** to the following **CONDITION**:

The landscaping is to be maintained in a healthy growing condition and have a neat and orderly appearance.

Pursuant to 11 DCMR 3101.6, the Board waived the requirement of 11 DCMR 3125.3 that findings of fact and conclusions of law accompany the order of the Board. The waiver will not prejudice the rights of any party, and is appropriate in this case.

**VOTE: 5 – 0** (Anthony Hood, Rodney Moulden, Sheila Cross Reid, Anne Renshaw and Robert Sockwell to grant.)
