BOARD OF ZONING ADJUSTMENT

**Application No.16644 of Arabic Baptist Church**, pursuant to 11 DCMR §3103.2, for a variance from Section 405 from the side yard setback requirements to build an addition to an existing structure in an R-1-B District at premises 4605 Massachusetts Avenue, N.W. (Square 1556, Lot 62).

**HEARING DATE:** January 2, 2001

**DECISION DATE:** January 2, 2001 (Bench Decision)

**SUMMARY ORDER**

The applicant, Arabic Baptist Church, seeks variances from 11 DCMR § 405, to enlarge the existing church. The zoning relief requested in this case is self-certified pursuant to 11 DCMR § 3113.2.

The Board of Zoning Adjustment provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission (ANC) 3E, the ANC for the area within which the subject property is located, and to the owners of property within 200 feet of the site. The applicant's affidavit of posting indicates that zoning posters were timely placed in front of the property, in plain view of the public.

The site of the application is located within the jurisdiction of ANC 3E. ANC 3E, which is automatically a party to this application, did not file a written statement.

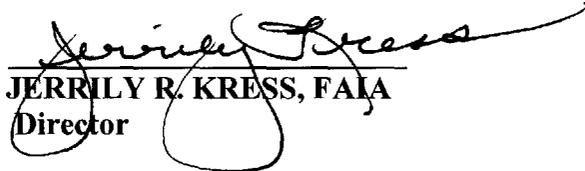

As directed by 11 DCMR § 3119.2, the Board has required the applicant to satisfy the burden of proving the elements which are necessary to establish the case for variance under 11 DCMR § 405. No person or entity appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board, the Board concludes that the applicant has met its burden of proof under 11 DCMR § 3103.2. The Board further concludes that there exists an exceptional or extraordinary situation or condition related to the property which creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. It is therefore **ORDERED** that this application be **GRANTED**.

Pursuant to 11 DCMR § 3101.6 and at the request of the applicant, the Board waived the requirement of Subsection 3125.3 that findings of fact and conclusions of law accompany the order of the Board. The waiver will not prejudice the rights of any party, and is appropriate in this case.

**VOTE: 3-0** (Sheila Cross Reid, Robert Sockwell, and John Parsons to approve)
