

GOVERNMENT OF THE DISTRICT OF COLUMBIA

HEARING DATE: July 16, 2002
DECISION DATE: June 16, 2002 (Bench Decision)

SUMMARY ORDER

SELF-CERTIFIED

The zoning relief requested in this case was self certified, pursuant to 11 DCMR § 3113.2.

The Board provided proper and timely notice of public hearing on this application, by publication in the D.C. Register, and by mail to Applicant, Advisory Neighborhood Commission (ANC) 6A, and to owners of all property within 200 feet of the property that is the subject of this application. The application was referred to the Office of Planning (OP) for review and report. The OP report supported the application. The application was also referred to the Department of Public Works (DPW) for review and report. DPW did not submit a report.

The subject property is located within the jurisdiction of ANC 6A. ANC 6A, which is automatically a party to the application, filed a written statement in support of the application. The Board waived the rules to accept the late filed report.

As directed by 11 DCMR § 3119.2, the Board required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case for a special exception

pursuant to 11 DCMR §§ 3104.1 and 411, and variances from the strict application of the requirements of 11 DCMR §§ 3103.2, 772, 773, 774, and 1706.4(f). Avalon Bay, an adjacent property owner, filed a Request for Party Status in opposition to the case on July 5, 2002. By letters dated July 12, 2002, and July 15, 2002, Avalon Bay withdrew its opposition and supported the application.

Based upon the record before the Board, and having given great weight to ANC's statement and the Office of Planning's report filed in this case, the Board concludes that the Applicant has met the burden of proof pursuant to 11 DCMR §§ 3104.1 and 411 and that the requested relief can be granted as in harmony with the general purpose and intent of the Zoning Regulations and Map and will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map. The Board also concludes that the Applicant has met its burden of proof pursuant to 11 DCMR §§ 3103.2, 772, 773, 774, and 1706.4(f), that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. It is therefore **ORDERED** that the application is **GRANTED** in accordance with the revised plans submitted at the public hearing.

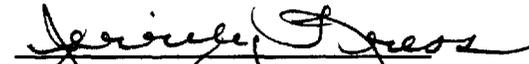

Pursuant to 11 DCMR § 3101.6, the Board has determined to waive the requirement of 11 DCMR § 3125.3 that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is appropriate in this case.

VOTE: 4-0-1 (Geoffrey H. Griffis, Anne M. Renshaw, Curtis Etherly, Jr., and James H. Hannaham to approve; David A. Zaidain, not present not voting)
