BOARD OF ZONING ADJUSTMENT

Application No. 16921-B of Celia Berg and Jack Benson pursuant to 11 DCMR § 3104.1 for a special exception to allow a rear addition to a single-family dwelling under section 223, not meeting the lot occupancy (section 403), rear yard (section 404), and nonconforming structure (subsection 2001.3) requirements in the R-2 District at premises 4432 Faraday Place, N.W. (Square 1582, Lot 190).

HEARING DATE: October 8, 2002
DECISION DATE: October 29, 2002
ORDER DATE: March 24, 2003
RECONSIDERATION DECISION DATE: May 6, 2003
ORDER ON RECONSIDERATION DATE: October 6, 2003
MODIFICATION DECISION DATE: April 6, 2004

ORDER ON MODIFICATION

Preliminary matters. By order dated March 24, 2003, the Board granted a special exception under section 223 of the Zoning Regulations requested by the owners of the property that is the subject of the application, Celia Berg-Benson and Jack Benson (collectively, "Applicant"), to allow construction of a one-story addition to the rear of their single-family detached house at 4432 Faraday Place, N.W. (Square 1582, Lot 190). In addition to the Applicant, the parties in this proceeding are Advisory Neighborhood Commission 3E and Kathleen Beckwith, the owner of property abutting the subject property, who opposed the application.

Kathleen Beckwith submitted a timely motion for reconsideration and request for a stay of the Board's order. No party filed an answer in opposition or in support of the motion. At a public meeting on May 6, 2003, the Board denied the motion (Order No. 16921-A, October 6, 2003).

On February 23, 2004, the Applicant submitted a motion for modification of approved plans, along with a request to waive the six-month requirement set forth in § 3129.3 of the Zoning Regulations. The Board granted the waiver, finding good cause and no prejudice to any party. The Applicant also submitted letters from the immediate neighbors of the subject property – at 4428 and 4436 Faraday Place, and at 4423 and 4425 Fessenden Street, NW., which share an alley with the subject property – indicating no objections to the Applicant's proposed modification. In her letter, dated February 23, 2004, Kathleen Beckwith stated that the proposed modification reflected less

encroachment into the rear lot setback and a lower roof height than in the plans approved by the Board.

Modification of Plans. The Applicant's proposed revised plans provide for a 16-foot rear yard setback, rather than the setback of eight feet, six inches from the addition (and five feet, six inches from the rear stairs) in the original plans. Other changes affect the stairway, which would be moved from the southern (rear) edge of the addition to the west side, providing better access to the driveway; and the roof line of the new addition, which would be pitched and fall away from the main structure to a lower level at its deepest point in the rear yard, presenting a less imposing structure visually and improving the flow of light and air. The modified design is consistent with the architectural and aesthetic integrity of the house's original construction.

The Board concludes that the Applicant's proposed modification of plans is consistent with the requirements of § 3129.7 of the Zoning Regulations in that the revisions represent a minor modification that does not change the material facts the Board relied upon in approving the original application. The requested modification improves the design of the planned addition and addresses the concerns expressed by the party who opposed the initial application.

Accordingly, it is therefore **ORDERED** that the motion for modification of plans, as shown on Exhibit No. 46 of the record, is **GRANTED**.

VOTE: **3-0-2** (Geoffrey H. Griffis, Curtis L. Etherly, Jr., and David A. Zaidain to approve; Carol J. Mitten, not present, not voting; Ruthanne G. Miller, not voting, not having heard the case).
