

**GOVERNMENT OF THE DISTRICT OF COLUMBIA
BOARD OF ZONING ADJUSTMENT**

Application No. 16991-A of Government of the District of Columbia, Office of the Chief Technology Officer, pursuant to 11 DCMR § 3104.1, for a special exception to replace and operate a support structure (150—foot monopole) and telecommunications facility as part of the District’s emergency communications network under section 212 (section 2520) (Antenna, Other Than Commercial Broadcast Antenna), in the C-2-A District at premises 1700 Rhode Island Avenue, N.E. (Square 4134, Lot 800).

HEARING DATE: March 11, 2003
DECISION DATE: March 11, 2003 and June 3, 2003

MODIFICATION ORDER

SELF CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2

The Board previously approved the Application on March 11, 2003. In accordance with 11 DCMR Section 3129, the Applicant has requested a minor modification to the approved plans. Specifically, the Applicant requests approval of an equipment shelter for equipment associated with the facilities. Previously, the plans called for this equipment to be located inside the Police Department’s building. The Office of Planning (OP) submitted a report stating that it had no objections to the modifications.

The Board provided proper and timely notice of the public hearing on this application by publication in the D.C. Register, and by mail to Advisory Neighborhood Commission (ANC) 5B and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 5B, which is automatically a party to this application.

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to § 3104.1, for special exception under §§ 212 and 2520. No persons or entities appeared at the public hearing in opposition to this application or otherwise requested to participate as a party in this proceeding. Accordingly, as

set forth in the provisions and conditions below, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board and having given great weight to the ANC and OP, the Board concludes that the Applicant has met the burden of proof, pursuant to §§ 3104.1, and 212, and 2520, that the requested relief can be granted, subject to the conditions set forth below, as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3101.6, the Board has determined to waive the requirement of 11 DCMR § 3125.3, that the order be accompanied by findings of fact and conclusions of law. It is therefore **ORDERED** that this application be **GRANTED SUBJECT** to the following **CONDITIONS**:

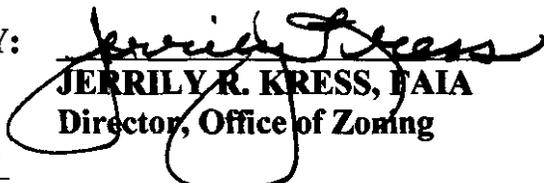

1. There shall be brick veneer applied to the external surface of the telecommunications shelter.
2. A revised site plan shall be submitted that illustrates the modifications made to the location of the structure and parking.

VOTE: 3-0-2 (Geoffrey H. Griffis, David A. Zaidain and Carol J. Mitten, to approve, Curtis L. Etherly, Jr. and Ruthanne G. Miller not hearing the case, not voting).

BY ORDER OF THE D.C. BOARD OF ZONING ADJUSTMENT

Each concurring member approved the issuance of this order.
