

GOVERNMENT OF THE DISTRICT OF COLUMBIA  
BOARD OF ZONING ADJUSTMENT

Application No. 17162 of Jim and Mary Bennett, pursuant to 11 DCMR § 3104.1, for a special exception to renovate an existing accessory carriage house under section 223, not meeting the nonconforming structure requirements (subsection 2001.3), in the R-3 District at premises 1557 33<sup>rd</sup> Street, N.W. (Square 1272, Lot 872).

**HEARING DATE:** May 25, 2004  
**DECISION DATE:** May 25, 2004 (Bench Decision)

**DISMISSAL ORDER**

**REVIEW BY THE ZONING ADMINISTRATOR**

The application was accompanied by a memorandum from the Zoning Administrator certifying the required relief.

The Board provided proper and timely notice of the public hearing on this application by publication in the D.C. Register, and by mail to Advisory Neighborhood Commission (ANC) 2E and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 2E, which is automatically a party to this application. ANC 2E submitted a report that addressed a neighboring property owner's concerns with the application. The ANC report noted that "We appreciate the refurbishment of the structure and encourage the project's completion". The Office of Planning (OP) submitted a report in support of the application. The OP report noted that it "believes the magnitude of this alteration should be permitted as a matter-of-right as permitted under § 2001.2".

Section 2001.2 of the Zoning Regulations permits "ordinary repairs, alterations, and modernizations to the structure, including structural alterations," as a matter-of-right. Therefore, such repairs, alterations, and modernizations do not trigger the need for zoning relief.

The applicants plan to repair, alter, and modernize an existing dilapidated 2-story carriage house on their property. The building will house a wine cellar, a library, and a full bath, all permitted accessory uses to a single-family dwelling. The applicants are not increasing the lot occupancy or the gross floor area of the building. They are increasing the height by approximately 1 foot, 5 inches, but

this increase is necessitated by, and is part of, the modernization of the building. The Board finds that the applicant's plans fall within § 2001.2. The Board therefore concludes that no zoning relief is necessary and respectfully disagrees with the determination of the Zoning Administrator to the contrary. Accordingly, this application should be dismissed.

Pursuant to 11 DCMR § 3101.6, the Board has determined to waive the requirement of 11 DCMR § 3125.3, that the order of the Board be accompanied by findings of fact and conclusions of law. It is therefore **ORDERED** that this application be **DISMISSED**.

**VOTE: 5-0-0** (Geoffrey H. Griffis, Curtis L. Etherly, Jr., Ruthanne G. Miller, Gregory Jeffries and John A. Mann II, to dismiss the application).

**BY ORDER OF THE D.C. BOARD OF ZONING ADJUSTMENT**

Each concurring member approved the issuance of this order.
