HEARING DATE: November 30, 2004
DECISION DATE: November 30, 2004 (Bench Decision)

SUMMARY ORDER

SELF-CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2.

The Board provided proper and timely notice of the public hearing on this application by publication in the D.C. Register and by mail to the Applicant, Advisory Neighborhood Commission (ANC) 4C, and to owners of all property within 200 feet of the property that is the subject of this application. The application was also referred to the Office of Planning (OP) and Department of Transportation (DDOT). OP submitted a report in support of the application. DDOT submitted a report having no objection to the application. The subject property is located within the jurisdiction of ANC 4C. The Board received a report in support of the application from the ANC 4C06 Single Member District Commissioner. The report did not receive great weight, not meeting the requirements of 11 DCMR § 3115.1.

As directed by 11 DCMR § 3119.2, the Board required the applicant to satisfy the burden of proving the elements that are necessary to establish the case for a special exception pursuant to 11 DCMR §§ 3104.1, 2108.2 and 2514.2, and variances under

11 DCMR § 3103.2 from the strict application of the requirements of §§ 330.5 and 773.

No party appeared at the public hearing in opposition to this application or otherwise requested to participate as a party in this proceeding. Accordingly, a decision by the Board to grant this application would not be adverse to any party. The Board closed the record at the conclusion of the hearing. Based upon the record before the Board, and having given great weight to the OP report filed in this case, the Board concludes that the applicant has met the burden of proof pursuant to 11 DCMR § 3104.1, for a special exceptions under section 2108.2 and 2514.2, that the requested relief can be granted as in harmony with the general purpose and intent of the Zoning Regulations and Map and will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

The Board also concludes that the applicant has met its burden of proof under 11 DCMR §§ 3103.2, 330.5 and 773, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. It is therefore **ORDERED** that the application is **GRANTED**.

Pursuant to 11 DCMR § 3101.6, the Board has determined to waive the requirement of 11 DCMR § 3125.3, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is appropriate in this case.

VOTE: 4-0-1 (Geoffrey H. Griffis, Gregory Jeffries, Ruthanne G. Miller, and John A. Mann II to approve, Curtis L. Etherly, Jr. not present, not voting,).
