**MODIFICATION OF APPROVED ORDER<sup>1</sup>**

By order dated July 26, 2005, the Board of Zoning Adjustment (“Board”) approved Application No. 17276, of Phillips Park, LLC (“Applicant”).

On September 13, 2005, the Board denied the motion for reconsideration of its decision filed by Friends of Whitehaven. Final Order No. 17276-A was issued on November 3, 2005.

On September 13, 2005, the Board also decided to correct its original order by clarifying the Applicant’s obligations under 11 DCMR § 2516.6(b). The Corrected Decision and Order No. 17276-B, was issued on November 3, 2005. The original order approving the application, as well as the corrected order (17276-B), contained 16 conditions.

**FINDINGS OF FACT**

1. On May 1, 2007, the Applicant filed a request for minor modification to Condition No. 4 of BZA Order No. 17276-B, and a waiver of Section 3129.3, the six-month time limit for filing such requests. The Applicant served the motion on the parties to the Application.

---

<sup>1</sup>This Order is an addendum to Board of Zoning Adjustment Order No. 17276-B. All provisions of Order No. 17276-B remain in effect except as specifically modified herein.

2. Condition No. 4 provides as follows:

“The proposed dwellings shall be constructed behind the building setback lines shown on the Preliminary Grading Plan contained in Exhibit 50, Tab 1 of the record. Pools shall be constructed within building setback lines. With the exception of lots abutting parkland or the 44<sup>th</sup> Street right-of-way (lots A-10, A11, A29, A30, A12, A13, A34 and A35), patios at grade and decks at or below the main floor shall be permitted between the building setback line and the individual lot lines.”

3. The Applicant stated that it does not seek to alter the condition as it applies to those lots abutting parkland or the 44<sup>th</sup> Street right-of-way. However, the Applicant argues, the language relating to the location of pools, on interior lots, is inconsistent with the Zoning Regulations and would preclude in-ground pools from being constructed, should a homeowner express a desire to do so.
4. In line with this reasoning, the Applicant proposes the following language for Condition No. 4:

“The proposed dwellings shall be constructed behind the building setback lines shown on the Preliminary Grading Plan contained in Exhibit 50, Tab 1 of the record. With the exception of lots abutting parkland or the 44<sup>th</sup> Street right-of-way (lots A-10, A-11, A-29, A-30, A-12, A-13, A-34 and A-35), in-ground pools, patios at grade and decks at or below the main floor shall be permitted between the building setback line and the individual lot lines.”

5. The Applicant pointed out that the architectural guidelines that it offered to the Board, which included the pool limitations, were aimed at addressing the National Park Service concern that pools not encroach on the buffer rear yards against the Park. Consistent with that, decks and patios were permitted between the building setback line and the individual lot lines, with the exception of the lots specifically identified in Condition #4 of the Board’s Order, i.e. lots abutting parkland or the 44<sup>th</sup> Street right-of-way. The Applicant was interpreting the language as restricting all pools within the entire development to be within building setbacks. However, it was the Applicant’s intent that the restriction on in-ground swimming pools for interior lots be identical to the restrictions on decks and patios. Thus, the proposed change to Condition No. 4 was requested.
6. Section 3129.7 of the Zoning Regulations (11 DCMR) provides that approval of requests for modification of approved plans shall be limited to minor modifications that do not change the material facts the Board relied upon in approving the application. The Applicant maintains that the modification in this case is minor and well within the Board’s authority to approve under § 3129 of the Zoning Regulations.
7. There was no filing in support or opposition to the modification voiced by any parties to the Application within the required 10-day period, pursuant to Section 3129.4

**CONCLUSIONS OF LAW**

At its public meeting on June 5, 2007, the Board waived the 6-month time requirement of 11 DCMR § 3129.3 and decided to accept, and address, the Applicant's request. After reviewing the Applicant's motion for modification, the Board concludes that the modification requested is minor and does not change the material facts upon which the Board relied in approving the application. See, 11 DCMR § 3129.7. Therefore, the Board concludes that the Applicant's request for a revision of the order, as indicated above, meets the requirements set forth in the regulations for a minor modification and it is hereby **ORDERED** that the motion is **GRANTED**. Consistent with the designation of lots abutting parkland or the 44<sup>th</sup> Street right-of-way, the Board has added lots A-31, A-32 and A-33 to Condition No. 4. Pursuant to this approval, **Condition No. 4** shall read as follows:

4. "The proposed dwellings shall be constructed behind the building setback lines shown on the Preliminary Grading Plan contained in Exhibit 50, Tab 1 of the record. With the exception of lots abutting parkland or the 44<sup>th</sup> Street right-of-way (lots A-10, A-11, A-12, A-13, A-29, A-30, A-31, A-32, A-33, A-34 and A-35), in-ground pools, patios at grade and decks at or below the main floor shall be permitted between the building setback line and the individual lot lines."
