

GOVERNMENT OF THE DISTRICT OF COLUMBIA
Board of Zoning Adjustment

Application No. 17344 of Anne Luzzatto, as amended, pursuant to 11 DCMR § 3103.2, for a variance from the minimum side yard requirement (section 405) and a variance from the restriction on enlarging structures devoted to nonconforming uses (section 2002.5) to allow an addition to an existing accessory garage serving a flat in the R-1-B District at premises 3324 Highland Place, N.W. (Square 2075, Lot 37).

Note: The application was originally filed as a request for special exception relief under §223 to allow an addition to an existing accessory garage serving a single-family detached dwelling. However, based on the configuration of the property, the Board determined that the structure is a flat, not a single-family structure. Therefore, the application was amended to request variance relief from the minimum side yard requirements (§405.9) and the restriction on enlarging a nonconforming use (§2002.5). The application was further amended to reflect the correct square which is 2075, not 2095 as stated in the advertisement.

HEARING DATE: July 5, 2005
DECISION DATE: July 5, 2005 (Bench Decision)

SUMMARY ORDER

SELF-CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2.

The Board provided proper and timely notice of the public hearing on this application by publication in the D.C. Register, and by mail to Advisory Neighborhood Commission (ANC) 3C and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 3C, which is automatically a party to this application. ANC 3C submitted a report in support of the amended application. The Office of Planning (OP) also submitted a report in support of the amended application.

Based upon the record before the Board and having given great weight to the ANC and the Office of Planning reports filed in this case, the Board concludes that the applicant has met the burden of proving under 11 DCMR §§ 3103.2, 405 and 2002.5 that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and

that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. The Board's consideration included the new site plan (Exhibit No. 26 of the record) and clarifying letter from the owner (Exhibit No. 24). In addition, the applicant's representative agreed to make sure that no A/C units or heat pumps were installed "through" or along the wall of the converted garage that is adjacent to the neighbor's lot line.

Pursuant to 11 DCMR § 3101.6, the Board has determined to waive the requirement of 11 DCMR § 3125.3, that the order of the Board be accompanied by findings of fact and conclusions of law. It is therefore **ORDERED** that this application be **GRANTED**.

VOTE: **5-0-0** (Ruthanne G. Miller, Curtis L. Etherly, Jr., Geoffrey H. Griffis, John A. Mann II to grant; Gregory Jeffries to grant by absentee absentee ballot.)
