

GOVERNMENT OF THE DISTRICT OF COLUMBIA
Board of Zoning Adjustment

Application No. 17382-A of the Republic of the Sultanate of Oman, pursuant to 11 DCMR § 1002, to permit the expansion of a chancery for the Embassy of the Sultanate of Oman to house the Military Attaché and the Cultural Attaché, in the D/R-1-B and R-1-B Districts, at premises 2535 Belmont Road, N.W. (Square 2501, Lots 6-8, 15-19, and 805).

REVISED¹ NOTICE OF FINAL RULEMAKING
and
DETERMINATION AND ORDER

The Board of Zoning Adjustment (“Board”), pursuant to the authority set forth in the Foreign Missions Act, approved August 24, 1982 (96 Stat. 283; D.C. Official Code § 6-1306), Chapter 10 of the Zoning Regulations of the District of Columbia, 11 DCMR, and § 6(c) of the District of Columbia Administrative Procedure Act, approved October 21, 1968 (82 Stat. 1206; D.C. Official Code § 2-505(c)), hereby gives notice of the adoption of its determination not to disapprove the application of the Republic of the Sultanate of Oman (“Applicant”) for the expansion of the Embassy of Oman’s chancery at premises 2535 Belmont Road, N.W. (Square 2501, Lots 6-8, 15-19, and 805).

On June 14, 2005, the Applicant filed a chancery application with the Board. Pursuant to 11 DCMR § 3134.7, the application was accompanied by a letter from the United States Department of State certifying that the Applicant had complied with § 205 of the Foreign Missions Act (“FMA”) (22 U.S.C. § 4305) and that the application could be submitted to the Board.

Notice of the filing of the application and notice of the proposed rulemaking were published in the *D.C. Register* on June 24, 2005 (52 DCR 6075 and 52 DCR 6216, respectively). In accordance with the Zoning Regulations, the Board provided written notice to the public more than 40 days in advance of the public hearing. 11 DCMR §§ 3113.13 and 3134.9(c). Therefore, in compliance with the D.C. Administrative Procedure Act (D.C. Official Code §§ 2-501, *et seq.*), the Board also provided more than thirty days’ written notice to the public.

On June 15, 2005, the Office of Zoning (“OZ”) provided notice of the filing of the application to the Director of the District of Columbia Historic Preservation Review Board, the State Historic Preservation Officer, the U.S. Department of State, the D.C. Council Member for Ward 2, Advisory Neighborhood Commission (“ANC”) 2D, the ANC within which the subject property is located, the Single Member District member for District 2D01, and the District of Columbia Office of Planning (“OP”), who notified the District Department of Transportation (“DDOT”). The Office of Zoning subsequently scheduled a public hearing on the application for October 11,

¹The Notice of Final Rulemaking and Determination and Order for Application No. 17382 of the Republic of the Sultanate of Oman, dated November 25, 2005, was published in the *D.C. Register* on December 2, 2005, at 52 DCR 10568. At the request of the Applicant, the Notice of Final Rulemaking was modified, resulting in this Revised Notice.

2005, and mailed a copy of the notice of hearing to the Applicant, ANC 2D, and all property owners within 200 feet of the subject property. Notice of hearing was also published in the *D.C. Register* on July 22, 2005 (52 DCR 6823) and posted in the Office of Zoning. In addition, on September 22, 2005, the Applicant posted notice on the property in plain view of the public in accordance with 11 DCMR § 3113. The notice given to the public complied with the requirements of 11 DCMR § 3134.9.

The property that is the subject of the application is located at 2535 Belmont Road, N.W. in the Sheridan-Kalorama historic district and adjacent to the federal parkland known as Rock Creek Park. The property is split-zoned, with the larger western portion in a D/R-1-B district and the smaller eastern portion in an R-1-B district. The property is improved with a three-story building originally constructed as a residence, but used as a chancery for many years. The property has been owned and occupied by the chancery of the Embassy of the Sultanate of Oman for over nineteen years, and before that was owned and occupied by the chancery of the Embassy of France. A second one-story building on the property was originally used as a squash court, but over the years, has been used for storage, office and/or residential uses.

The Applicant proposes to expand its chancery with a new three-story building, which will be connected to the existing building by a below grade multipurpose room, and an above-ground patio on the roof of the multi-purpose room. The roof/patio of the multipurpose room will be between the first floors of the existing and the new building and will be landscaped. The one-story former squash court building will be demolished. The lot occupancy of the existing and new buildings will be 15%, and the rear yard, at 42 feet, and the side yard, at 55 feet from the new construction, are more than adequate. The Applicant proposes to provide thirty-four parking spaces on the subject property and four spaces along the street frontage of the chancery are designated for its use. An additional ten spaces can be made available on the property and/or are available with the use of valet parking. In toto, the chancery will be able to provide 37% more parking than required and sufficient parking for the 30 employees who will be working on the property after the construction is completed.

Because of the split-zoning of the property, the Applicant has requested permission, pursuant to § 2514, to extend the application of the provisions of the D Overlay approximately 9 feet into the R-1-B district. Without the extension of the application of the D Overlay, the size of the Applicant's proposed chancery expansion would be reduced by 9 feet.

The record closed on October 11, 2005, at the conclusion of the public hearing on the application. A neighbor had submitted a request for postponement of the hearing, which was denied by the Board. The Department of State, the Office of Planning, and the District Department of Transportation all submitted favorable reports on the application. ANC 2D did not submit a report nor testify at the hearing with regard to the application.

At the conclusion of the October 11, 2005 public hearing, the Board voted not to disapprove the application for the following reasons:

First, as recommended by the Secretary of State and the Office of Planning, favorable action on the application will fulfill the international obligation of the United States to facilitate the

acquisition of adequate and secure facilities by the Sultanate of Oman for its diplomatic mission in the Nation's Capital.

Second, although the Historic Preservation Office did not submit a report concerning the application, the Applicant has met with the staff of the Historic Preservation Office and has worked with that office to devise a plan which meets its concerns. Under the Foreign Missions Act, the Board has final authority to determine historic preservation compliance. The Applicant has designed the new building in accordance with the District's Historic Preservation Design Guidelines to ensure its compatibility with the character of both the existing building, which will not be changed, and the surrounding historic district. The existing main building is a contributing building to the character of the historic district, but is not a landmark. The existing one-story former squash court building has lost its historic integrity, and demolition of that building is appropriate. The Applicant has documented the former squash court building in accordance with the standards of the Historic American Building Survey. The new building and the demolition of the former squash court will substantially comply with District of Columbia and federal regulations governing historic preservation.

Third, the Applicant is providing adequate off-street parking and the Secretary of State has determined that there are no special security requirements relating to such parking.

Fourth, after consultation with federal agencies authorized to perform protective services, the Secretary of State has determined that the subject property and the area are capable of being adequately protected.

Fifth, the Director of the Office of Planning, on behalf of the Mayor of the District of Columbia, has determined that favorable action on this application is in the municipal interest and is generally consistent with the Comprehensive Plan for the National Capital and the Zoning Regulations.

Sixth, the Secretary of State has determined that a favorable decision on this application will serve the federal interest, particularly as the Government of the Sultanate of Oman has consistently been supportive of the United States Embassy in its diplomatic property needs. In addition, the new building will be substantially screened from view from Rock Creek Park. The Applicant will landscape the property as shown on Exhibit No. 37, except the eleven plants indicated will be arbor vitae (*thuya occidentalis*), six to eight feet high. Neither the design of the building, including the height and exterior appearance and features, nor the landscaping, will have an adverse impact on Rock Creek Park.

Accordingly, it is hereby **ORDERED** that this application is **NOT DISAPPROVED**.

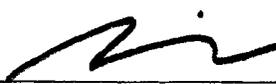

Vote of the Board of Zoning Adjustment constituted in accordance with the Foreign Missions Act taken at its public hearing on October 11, 2005, not to disapprove the application: 5-0-0 (Geoffrey H. Griffis, Patricia Gallagher, Ruthanne G. Miller, Curtis L. Etherly, Jr., and John G. Parsons, to not disapprove).

VOTE: 5-0-0 (Geoffrey H. Griffis, Patricia E. Gallagher, Ruthanne G. Miller, Curtis L. Etherly, Jr., and John G. Parsons, not to disapprove.)
