

GOVERNMENT OF THE DISTRICT OF COLUMBIA
Board of Zoning Adjustment

Application No. 17708 of Negussie Giorgis, pursuant to 11 DCMR § 3103.2, for a variance from the floor area ratio requirements under section 402, a variance from the lot occupancy requirements under section 403, a variance from the nonconforming structure provisions under subsection 2001.3, and a variance from the parking requirements under subsection 2101.1, to allow additions to an existing one-family row dwelling in the R-5-B District at premises 2239 10th Street, N.W. (Square 357, Lot 93).

HEARING DATE: January 29 and February 5, 2008
DECISION DATE: February 5, 2008 (Bench Decision)

SUMMARY ORDER

SELF-CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2.

The Board provided proper and timely notice of the public hearing on this application by publication in the D.C. Register, and by mail to Advisory Neighborhood Commission (ANC) 1B and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 1B, which is automatically a party to this application. ANC 1B submitted a report in support of the application. The Office of Planning (OP) also submitted a report in support of the application.

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case for a variance pursuant to § 3103.2. No parties appeared at the public hearing in opposition to this application. Accordingly a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board and having given great weight to the ANC and the Office of Planning reports filed in this case, the Board concludes that the applicant has met the burden of proving under 11 DCMR §§ 3103.2, (402, 403, 2001, and 2101) that there exists an exceptional or extraordinary situation or condition related to the

property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3101.6, the Board has determined to waive the requirement of 11 DCMR § 3125.3, that the order of the Board be accompanied by findings of fact and conclusions of law. It is therefore **ORDERED** that this application be **GRANTED**.
