

GOVERNMENT OF THE DISTRICT OF COLUMBIA
Board of Zoning Adjustment

Application No. 17804 of John B. Ritch, pursuant to 11 DCMR § 3103.2, for a variance from the lot occupancy requirements under section 403, and a variance from the nonconforming structure provisions under subsection 2001.3 (section 402), to construct a deck addition to an existing apartment building in the R-5-B District at premises 4 Logan Circle, N.W. (Square 241, Lot 1).

Note: The Board, in its deliberations, recognized that any relief needed from the floor area ratio requirements (section 402) was also covered under the variance granted from subsection 2001.3.

HEARING DATE: July 29, 2008
DECISION DATE: July 29, 2008 (Bench Decision)

SUMMARY ORDER

SELF-CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2.

The Board provided proper and timely notice of public hearing on this application, by publication in the D.C. Register, and by mail to Advisory Neighborhood Commission (ANC) 2F the Office of Planning (OP) and to owners of property within 200 feet of the site. The OP submitted a report and testified at the public hearing in support of the application. The ANC did not participate in the case.

As directed by 11 DCMR § 3119.2, the Board required the applicant to satisfy the burden of proving the elements that are necessary to establish the case for a variance pursuant to 11 DCMR §§ 3103.2. No parties appeared at the public hearing in opposition to the application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board and having given great weight to the OP report filed in this case, the Board concludes that the applicant has met the burden of proving under 11 DCMR §§ 3103.2, 2001.3, 402 and 403, that there exists an exceptional or

extraordinary situation or condition related to the property that creates an undue hardship for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.3, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is not prohibited by law. It is therefore **ORDERED** that this application (pursuant to Exhibit No. 23 - Plans) be **GRANTED**.
