**HEARING DATE:** September 22, 2009

**DECISION DATE:** September 22, 2009

**SUMMARY ORDER**

**SELF-CERTIFIED**

The zoning relief requested in this case is self-certified, pursuant to 11 DCMR § 3113.2.

The Board provided proper and timely notice of the public hearing on this application by publication in the D.C. Register, and by mail to Advisory Neighborhood Commission (ANC) 3E and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 3E, which is automatically a party to this application. ANC 3E submitted a report expressing conditional support for the application. The Office of Planning submitted a report in support of the application.

Variance Relief:

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case, pursuant to § 3103.2, for a variance from § 2101.1. No parties appeared at the public hearing in opposition to this application. Accordingly a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board and having given great weight to the ANC and OP reports filed in this case, the Board concludes that in seeking variances from § 2101.1, the applicant has met the burden of proving under 11 DCMR § 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical

difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Special Exception Relief:

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to § 3104.1, for special exception relief under § 2514. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board and having given great weight to the ANC and the OP reports filed in this case, the Board concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR §§ 3104.1 and 2514, that the requested relief can be granted, as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.3, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is appropriate in this case. It is therefore **ORDERED** that this application, pursuant to Exhibit No. 10 - PLANS, be **GRANTED, SUBJECT to the following CONDITIONS:**

1. The Applicant shall designate an additional parking space for use solely by handicapped individuals (for a total of two spaces so designated).
2. The Applicant shall reserve the five remaining spaces for use by non-DC Public Library visitors to the library.
3. The portion of the library built in a residential zone shall not project further than 11 feet, plus or minus a few inches, into that zone.
