

**GOVERNMENT OF THE DISTRICT OF COLUMBIA**  
**Board of Zoning Adjustment**

**Application No. 18104 of William S. Langhorne**, pursuant to 11 DCMR § 3103.2, for a variance from the limitation on the allowed number of stories under subsection 400.1, to allow a fourth story addition to an existing one-family row dwelling in the R-3 District at premises 3245 N Street, N.W. (Square 1231, Lot 806).

**HEARING DATE:** September 21, 2010  
**DECISION DATE:** September 21, 2010

**SUMMARY ORDER**

**SELF CERTIFIED**

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2. (Exhibit 4).

The Board provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission (“ANC”) 2E and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 2E, which is automatically a party to this application. The ANC submitted a timely report indicating that at a duly-noticed public meeting at which a quorum was present, the ANC voted to take “no objection” to the variance request. (Exhibit 28). The Office of Planning (“OP”) submitted a timely report indicating that it did not support the application.<sup>1</sup> (Exhibit 22). Six letters from neighbors in support of the project, each of which were originally addressed to the U.S. Commission on Fine Arts, were submitted for the record.<sup>2</sup> (Exhibit 8).

---

<sup>1</sup> At the hearing, while not changing the agency’s position, the OP representative responded to the Applicant’s presentation by indicating that she could better understand the Applicant’s claims of practical difficulties caused by the exceptional conditions in topography that were shown.

<sup>2</sup> The subject property is in the Georgetown Historic District and, therefore, exterior improvements are subject to the review by the U.S. Commission of Fine Arts (“CFA”). According to the OP report, the Old Georgetown Board’s recommendation to the CFA on May 20, 2010, did not object to the conceptual design, although some architectural changes were required. (Exhibit 27).

Additionally, petitions signed by seven neighbors were submitted for the record. (Exhibit 24). Ann Goodman, another neighbor, testified in support of the project at the hearing.

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to § 3103.2, for a variance from the limitation on the allowed number of stories under subsection 400.1, to allow a fourth story addition. Based upon the record before the Board and having given great weight to the ANC and OP reports filed in this case, the Board concludes that the applicant has met the burden of proving under 11 DCMR §§ 3103.2 and 400.1, that there exists an exceptional or extraordinary situation or condition related to the property that creates an undue hardship for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map. No parties appeared at the public hearing in opposition to the application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.3, that the order of the Board be accompanied by findings of fact and conclusions of law. It is therefore **ORDERED** that this application (pursuant to Exhibit 9 – Plans) be **GRANTED**.

**VOTE:** 3-0-2 (Meridith H. Moldenhauer, Jeffrey L. Hinkle, Michael G. Turnbull to APPROVE. Nicole C. Sorg and the third Mayoral appointee (vacant) not present, nor voting.)

**BY ORDER OF THE D.C. BOARD OF ZONING ADJUSTMENT**  
The majority of the Board members approved the issuance of this order.
