The Board of Zoning Adjustment ("Board") provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission ("ANC") 2C, and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 2C, which is automatically a party to this application. 2011 in support of the application. ANC 6C stated that at a regularly scheduled and duly noticed public meeting with a quorum, the ANC voted 6:0:0 in support of the application.² (Exhibit 36.)

The Office of Planning (“OP”) submitted a report in support of the application. (Exhibit 29.) Also, the District Department of Transportation (“DDOT”) submitted a letter dated November 17, 2011, stating that DDOT had no objection to the application. (Exhibit 28.)

Variance Relief:

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case, pursuant to § 3103.2, for an area variance from § 1701.7. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board and having given great weight to the OP and ANC reports filed in this case, the Board concludes that in seeking a variance from § 1701.7, the Applicant has met the burden of proving under 11 DCMR § 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Special Exception Relief:

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to § 3104.1, for special exception relief under §§ 771.1, 411.11, and 2108.1. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be adverse to any party. Based upon the record before the Board and having given great weight to the OP and ANC reports filed in this case, the Board concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR §§ 3104.1, 771.1, 411.11, and 2108.1, that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

² On November 28, 2011, the Board received a letter from the adjacent ANC, ANC 6C, requesting that it be given time to consider the application at its next regularly scheduled meeting on December 15, 2011. The Board continued the hearing in the case to December 20, 2011, to allow the ANC an opportunity to meet officially and submit a letter of comment. It did so on December 19, 2011. (Exhibit 36.)
