HEARING DATES: April 7, 2015 and May 5, 2015
DECISION DATE: May 5, 2015

CORRECTED SUMMARY ORDER²

SELF CERTIFIED

The zoning relief requested in this case was self-certified, pursuant to 11 DCMR § 3113.2. (Exhibit 3.)

The Board of Zoning Adjustment (the "Board") provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register* and by mail to Advisory Neighborhood Commission ("ANC") 7F, and to owners of property within 200 feet of the site.³ The site is located within the jurisdiction of ANC 7F, which is automatically a party to this application. ANC 7F did not submit an official report related to the application. The Applicant testified that it had presented to the ANC twice. The Single Member District Commissioner for ANC 7F-06 submitted a letter in support of the application. (Exhibit 27.) The Office of Planning ("OP") submitted a timely report in support of the application as amended. (Exhibit 23.) The District Department of Transportation ("DDOT") submitted a report raising no objection to the

¹ In the Prehearing Statement (Exhibits 19 - 19K), the Applicant amended the application by reducing the number of units from 69-72 to 60 multi-family units for seniors.

² This order is being corrected to reflect the amendment in the number of proposed units, and to accurately cite the approved landscape plans as Exhibit 19H, not 19E, on page 2 of the order.

³ The Board waived the requirement that the application be referred to D.C. Board of Education under § 353.2.

approval of the application. (Exhibit 24.) A letter of support for the application was submitted by Ward 7 Councilmember Yvette Alexander. (Exhibit 25.) A neighbor testified in support of the application.

Variance Relief:

As directed by 11 DCMR § 3119.2, the Board required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case for a variance under § 3103.2 from the strict application of the loading requirements of § 2201.1. No parties appeared at the public hearing in opposition to the application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board and having given great weight to the OP report filed in this case, the Board concludes that in seeking the variance relief that the Applicant has met the burden of proving under 11 DCMR § 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the requested relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Special Exception Relief:

As directed by 11 DCMR § 3119.2, the Board required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to § 3104.1 for a special exception from the new residential developments requirements under § 353. No parties appeared at the public hearing in opposition to the application. Accordingly, a decision by the Board to grant this application would not be adverse to any party.

Based upon the record before the Board and having given great weight to the OP report filed in this case, the Board concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR § 3104.1, that the requested relief can be granted as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring properties in accordance with the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirements of 11 DCMR § 3125.3, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party and is appropriate in this case.

It is therefore **ORDERED** that the application is hereby **GRANTED, SUBJECT TO THE APPROVED PLANS AT EXHIBITS 7E1 – 7F (original plans), as revised by EXHIBITS 19C (survey and grading plans), 19H (landscape plans), and 19F (plans and elevations) (revised plans) and SUBJECT to the FOLLOWING CONDITIONS:**
