(Square 2012, Lot 809).

HEARING DATES: January 12, 2016 and February 2, 2016¹
DECISION DATE: February 2, 2016

SUMMARY ORDER

REVIEW BY THE ZONING ADMINISTRATOR

The application was accompanied by a memorandum from the Zoning Administrator certifying the required relief. (Exhibit 17.)

The Board of Zoning Adjustment (“Board”) provided proper and timely notice of the public hearing on this application by publication in the *D.C. Register*, and by mail to Advisory Neighborhood Commission (“ANC”) 3G and to owners of property within 200 feet of the site. The site of this application is located within the jurisdiction of ANC 3G, which is automatically a party to this application. ANC 3G submitted a report dated December 16, 2015, noting that at a properly noticed public meeting on December 14, 2015, with a quorum present, it voted 5 to 0 in support of the application. (Exhibits 20 and 22.) At the hearing on January 12, 2016, during the discussion about whether to postpone the case because of posting issues, ANC 3G testified about the community’s widespread support for the application and the need to proceed and not delay the project.

The Office of Planning (“OP”) submitted a timely report dated January 5, 2016, and testified at the hearing in support of the application. (Exhibit 19.)

¹ At the hearing of January 12, 2016, the Board noted that the subject property had not been posted, and a discussion was held about the importance of posting the property to provide notice to the community. The hearing on the merits was continued to February 2, 2016 to afford the Applicant an opportunity to post the property as required, and submit the affidavit of posting. The affidavit of posting was filed in the record on January 22, 2016. (See Exhibit 23.)

The D.C. Department of Transportation submitted a timely report dated January 5, 2016, expressing no objection to the application. (Exhibit 18.)

Variance Relief:

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case, pursuant to § 3103.2, for a variance from § 2117.12. The only parties to this case were the Applicant and ANC 3G which supported the application. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be averse to any party.

Based upon the record before the Board and having given great weight to the ANC and OP reports filed in this case, the Board concludes that in seeking a variance from § 2117.12, the applicant has met the burden of proving under 11 DCMR § 3103.2, that there exists an exceptional or extraordinary situation or condition related to the property that creates a practical difficulty for the owner in complying with the Zoning Regulations, and that the relief can be granted without substantial detriment to the public good and without substantially impairing the intent, purpose, and integrity of the zone plan as embodied in the Zoning Regulations and Map.

Special Exception Relief:

As directed by 11 DCMR § 3119.2, the Board has required the Applicant to satisfy the burden of proving the elements that are necessary to establish the case pursuant to § 3104.1, for special exception relief under §§ 411 and 413. No parties appeared at the public hearing in opposition to this application. Accordingly, a decision by the Board to grant this application would not be averse to any party.

Based upon the record before the Board and having given great weight to the ANC and the OP reports filed in this case, the Board concludes that the Applicant has met the burden of proof, pursuant to 11 DCMR §§ 3104.1, 411, and 413, that the requested relief can be granted, as being in harmony with the general purpose and intent of the Zoning Regulations and Map. The Board further concludes that granting the requested relief will not tend to affect adversely the use of neighboring property in accordance with the Zoning Regulations and Map.

Pursuant to 11 DCMR § 3100.5, the Board has determined to waive the requirement of 11 DCMR § 3125.5, that the order of the Board be accompanied by findings of fact and conclusions of law. The waiver will not prejudice the rights of any party, and is appropriate in this case. It is therefore **ORDERED** that this application is hereby **GRANTED, SUBJECT TO THE APPROVED PLANS AT EXHIBIT 6 - ARCHITECTURAL PLANS AND ELEVATIONS:**

VOTE: 3-0-2 (Frederick L. Hill, Jeffrey L. Hinkle, and Anthony J. Hood to Approve; Marnique Y. Heath not present, not voting; one Board seat vacant.)
