the building permit or certificate of occupancy, or to the approval of a variance, special exception, design review, or planned unit development.

- 303.2 If the order of the Board of Zoning Adjustment or the Zoning Commission conditions the issuance of a building permit or certificate of occupancy upon the recordation of a covenant, then, for purposes of Subtitle A §§ 303.4 and 303.5, each term and condition in the covenant shall be treated as a condition to the issuance of the building permit or the certificate of occupancy.
- 303.3 If a building permit or certificate of occupancy has been issued under the authority of a decision of the Board of Zoning Adjustment to approve a special exception or variance, then for purposes of Subtitle A §§ 303.4 and 303.5, each condition to the approval of the special exception or variance shall be treated as a condition to the issuance of the building permit or certificate of occupancy.

- 304.1 The deviations from the Zoning Regulations and modifications to approved plans permitted by this section shall not be applicable for any calculation or for determining compliance with Subtitle U §§ 301.2 or 320.2.
- 304.2 The Zoning Administrator is authorized to permit the following deviations from the Zoning Regulations for building permits that are not otherwise authorized by an approved order of the Zoning Commission or the Board of Zoning Adjustment, if the Zoning Administrator, pursuant to Subtitle A § 304.3, determines that the deviation or deviations will not impair the purpose of the otherwise applicable regulations:
- (a) Deviations not to exceed two percent (2%) of the area requirements governing minimum lot area, maximum percentage of lot occupancy, and area standards of courts;

- (b) Deviations not to exceed the lesser of two percent (2%) or twelve inches (12 in.) of the linear requirements governing minimum lot width;
- (c) Deviations not to exceed the lesser of ten percent (10%) or twelve inches (12 in.) of the linear requirements governing minimum rear yard, minimum side yard, and court width; and
- (d) Deviations not to exceed two percent (2%) of the linear frontage limitation for eating/drinking establishments in Subtitle K § 811.9(a).

304.3 The Zoning Administrator shall consider the following issues, as applicable, in determining whether any deviation will impair the purpose of the applicable regulations pursuant to Subtitle A § 304.2:

- (c) The level of noise in the neighborhood shall not be unduly increased;
- (d) The use and enjoyment of neighboring properties shall not be unduly compromised;
- (e) No trees which would otherwise be protected by this title or other District of Columbia regulation, shall be damaged or removed; and
- (f) The general scale and pattern of buildings on the subject street frontage and the neighborhood shall be maintained consistent with the development standards of this title.

304.4 An applicant for a building permit seeking a deviation permitted by Subtitle A § 304.2 shall submit a written request to the Zoning Administrator that is signed by the property owner and that includes a comprehensive list identifying the type and extent of all proposed deviations and a written statement explaining how the requested deviations comply with Subtitle A §§ 304.2 and 304.3.

304.5 For building permits that are authorized by an approved order of the Zoning Commission, the Zoning Administrator, following receipt of a request made pursuant to Subtitle A § 304.6, is authorized to permit only the following minor modifications to approved plans if the Zoning Administrator determines that the proposed modification is consistent with the intent of the Zoning Commission in approving the application and the Zoning Commission did not also grant the same area of relief:

- (a) A change not to exceed two percent (2%) in height, percentage of lot occupancy, or gross floor area of any building that is the direct result of structural or building code requirements;
- (b) A change not to exceed two percent (2%) in the number of dwelling units, hotel rooms, institutional rooms, or gross floor area to be used for commercial or accessory uses within the approved square footage;

304.7 The Zoning Administrator shall report to the Zoning Commission, and at the same time shall report to all parties to the applicable case, including but not limited to, the affected ANC(s), any modification approved under Subtitle A § 304.5. No modified building permit shall be issued for forty-five (45) days after a report is sent to the Zoning Commission. If prior to the expiration of this time period the Zoning Commission decides that the modification exceeded the scope of a minor modification, the Zoning Administrator shall not approve the building permit, but shall instruct the applicant to seek a modification pursuant to Subtitle Z §§ 703 or 704, as applicable.

304.8 No building permit that requires the approval of a minor modification pursuant to Subtitle A § 304.5 may be issued during a forty-five (45) day period that begins on the date of a report made pursuant to Subtitle A § 304.7 unless the Zoning Commission advises the Zoning Administrator that it concurs that the modification is permitted by Subtitle A § 304.5.

 - (b) Increase, expand, or extend any area of relief granted by the Order;
 - (c) Create any need for new relief;
 - (d) Change a principal use from that approved in the Order;
 - (e) Increase the number of stories;

 - (g) Increase by more than two percent (2%) the number of dwelling units, hotel rooms, or institutional rooms within the approved square footage; or
 - (h) Increase or decrease by more than two percent (2%) the number of parking or loading spaces depicted on the approved plans.
- 304.11 An applicant for a building permit seeking a modification to approved plans permitted by Subtitle A § 304.10 shall submit a written request to the Zoning Administrator that is signed by the property owner and that includes a comprehensive list identifying the type and extent of all proposed modifications to the approved plans and a written statement explaining how the requested modifications comply with Subtitle A § 304.10. The applicant shall at the same time serve a complete copy of the request, including any supporting plan documents, on all parties to the applicable case, including but not limited to, the affected ANC(s).
